REGULATIONS RELATING TO THE CLEARING AND DEVELOPMENT OF LANDS FOR AGRICULTURAL PURPOSES, MADE PURSUANT TO SECTION 13 OF THE "FARMERS' LAND-CLEARING ASSISTANCE ACT."

1. No clearing or development under the "Farmers' Land-clearing Assistance Act," hereinafter called the "Act," shall be undertaken unless:—

The Director of Land-clearing has reported to the Minister that in his opinion the land proposed to be cleared or developed is suitable for farming, and that the work proposed to be done is likely to be beneficial for farming purposes on an economic basis, and that the owner or occupier of the land has the farming skill and experience and financial resources to make profitable use of the land for farming purposes after clearing or development, and that the title to the land is satisfactory.

2. The Director of Land-clearing shall, in every report made pursuant to Regulation 1, state whether in his opinion the application should be accepted and, if so, the terms on which payment for the work should be required.

3. When an application is accepted the applicant shall be required before any work is done to enter into a contract with the Minister, and the contract shall contain:—

4. The Minister may constitute in any district defined by him a committee to assist him in the administration of the Act in that district.

5. A committee constituted under Regulation 4 shall be known as a "Local Advisory Agricultural Development Committee," and the district for which it is constituted shall be known as the "Agricultural Development District."

8. The duties that the Minister may, from time to time, request a committee to carry out, shall be:—

- (a.) To inspect land in the district for which the owner has made application for assistance in clearing or developing;

- (d.) To calculate the probable increase in value likely to result to a parcel of land from clearing or development;
- (e.) To indicate the agricultural uses to which a parcel of land may be profitably put as a result of clearing or development;
- (f.) To investigate whether the owner or occupier of a parcel of land proposed to be cleared or developed has the farming skill and experience and financial resources to make profitable use of the land for farming purposes after clearing or development;
- (g.) To suggest the order of precedence and itinerary that should be observed in making machinery and equipment available in the district, and to indicate the acreage that should be cleared on each farm for which application has been made and approved in order to make machinery available on as equitable a basis as possible;
